

Small Business Revolution Grant

Jordan faces the challenges of Main Street with a Downtown Master Vision. This Vision focuses on economic analysis, assessment of land use, urban streetscape and public outreach. The Vision addresses 120,000sqft of redevelopment space in the downtown. The Small Business Revolution will add a big piece to the puzzle to implement our Downtown Vision and create a positive main street culture that brings people together. Help us continue to create a main street we all can be proud of!
