

Code Red Notification System / Snow Removal Ordinance

City of Jordan Code 73.09 governing snow removal and street parking during snowfall events states as follows:

It is unlawful for any person to park a vehicle on any street after a continuous or intermittent snowfall during which there has been an accumulation of one (1) inch or more of snow, or when a Snow Emergency is declared, until all snow, ice and similar debris has been plowed or removed from the paved portion of the street. Except that on First Street and Water Street, from Mill Street to Varner Street, parking shall be allowed on even-numbered days for vehicles parked on the even-numbered side of the street and, on odd-numbered days for vehicles parked on the odd-numbered side of the street until the street is plowed curb to curb.

Snow Emergencies will be declared by the City solely by text message and email through the Code Red Notification System provided by Scott County. City of Jordan residents can register free of charge for the Code Red Notifications System to receive alerts for various notification types including Emergencies, General, and Severe Weather. The geographical alert area is based on the home address you provide, thus you will only receive alerts that may directly affect you.

****If you reside within the ODD / EVEN PARKING AREA please park on the odd or even side of the street corresponding to what the date will change to after midnight as our public works department generally begins curb to curb snow removal between 4 and 6am. Example – It's 6pm on Dec. 1 and you park your vehicle for the night, the correct side of the street to park on is the EVEN side as at midnight the date will change to Dec. 2.****
