Snow Regulations/Code Red

It is unlawful for any person to park a vehicle on any street after a continuous or intermittent snowfall during which there has been an accumulation of one (1) inch or more of snow, or when a Snow Emergency is declared, until all snow, ice and similar debris has been plowed or removed from the paved portion of the street. Except that on First Street and Water Street, from Mill Street to Varner Street, parking shall be allowed on even-numbered days for vehicles parked on the even-numbered side of the street and, on odd-numbered days for vehicles parked on the odd-numbered side of the street until the street is plowed curb to curb.

Snow Emergencies will be declared by the City solely by text message and email through the Code Red Notification System provided by Scott County. City of Jordan residents can register free of charge for the Code Red Notification System to receive alerts for various notification types including Emergencies, General, and Severe Weather. The geographical alert area is based on the home address you provide, thus you will only receive alerts that may directly affect you.

To receive snow emergency declarations from the City of Jordan, it is very important to register for the Code Red Notification System by visiting https://public.coderedweb.com/CNE/EA5343CC0ED6 or by visiting Scott County’s main website and selecting the CODE RED icon. Please be sure to check GENERAL NOTIFICATIONS in the alert types section to ensure you receive snow emergency alerts from our City.

If you reside within the ODD / EVEN PARKING AREA please park on the odd or even side of the street corresponding to what the date will change to after midnight as our public works department generally begins curb to curb snow removal between 4 a.m. and 6 a.m. Example – It’s 6 p.m. on Dec. 1 and you park your vehicle for the night, the correct side of the street to park on is the EVEN side as at midnight the date will change to Dec. 2.

Scott County Household Hazardous Waste

The Scott County Household Hazardous Waste facility will be closed September 1 through late January 2017 for construction. This project will include:

- An expanded drop-off area
- A turn-around lane for better traffic flow
- Additional storage space for operation

The City of Jordan Public Works Department will be pruning boulevard and right-of-way trees this fall. All limbs overhanging the sidewalk and roads will be trimmed back to the trunk of the tree. This will allow for better sight lines and clearance for vehicles.

New Police Station Groundbreaking

Remodeling of the MnDOT building on Syndicate Street into a new police facility began September 26, 2016 with a ground breaking ceremony attended by city council members and city staff. The new police facility has an anticipated completion date in early April of 2017. Some of the features of the new police facility will include a sizable public lobby, records staff offices, a patrol officers office, a sergeants/ superintendents office, administrative and detectives office, three private interview rooms, a DWI/alcohol testing room, a training/meeting room, locker rooms, and adequate evidence storage and evidence processing areas. We are excited to be able to provide this modern facility for our police department and in doing so without having to raise taxes or bonds for any of the financing. The new police facility should provide the police department with adequate space for years to come.

New Garbage Contract

Dick's Sanitation Inc. (DSI) will be the City of Jordan’s new garbage hauler starting in January of 2017. DSI will be sending out a letter shortly to residents requesting what size garbage carts they would like. Cart exchange will take place the last week in December.

Street Sweeping!

Street sweeping is occurring this fall! Please keep your curb clear and don’t rake your leaves into the streets. Please watch for our public works team out and about.
