Register to be a vendor at :
Jordan.k12.mn.us

Celebrate Jordan is a community open house that showcases businesses and organizations that provide opportunities for the residents of Jordan. All applicants must fit into the spirit of celebrating the Jordan community. No political groups or candidates.

Booths include exhibitors from the local school district, area businesses, service organizations, churches, food vendors, and athletics. *Celebrate Jordan* is a highly anticipated local event with approximately 1,800 people in attendance.

Upcoming Summer 2024 Infrastructure Improvements Project:

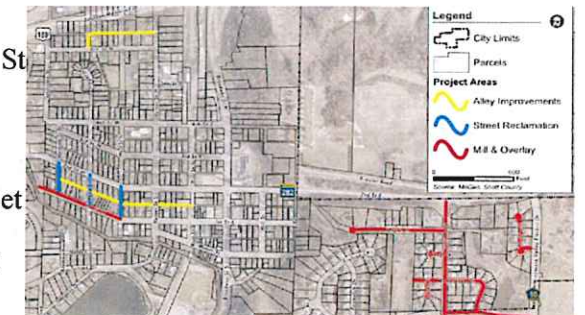

The City of Jordan is planning a construction project to improve and sustain infrastructure at several locations throughout town during the summer of 2024. The following project areas are to be included in the 2024 Infrastructure Improvement's Project, also as shown in the map below. In summary, the work entails:

Road Resurfacing - Reclamation or Mill & Overlay of:

Lowertown south of TH 282: First St, Mertens St, Wood St, West St
Heritage Hills Area: Lydia Rd, Maple Ln, Colony Ct, Clover Ct,
Homestead Dr, Arabian Dr, Liberty Ln

Alley Improvements - Surfacing of 6 alleys

Between Mertens Street and Rice Street, 1/2 block south of Second Street (TH 282)
Between Wood Street and Varner Street. 1/2 block north of Sixth Street

Upcoming 2024 TH 169 Overpass Project in Sand Creek Township

Starting in the spring of 2024, Scott County, Sand Creek Township, and MnDOT will construct an overpass of Highway 169 at Bluff Drive. Access to 169 will not be maintained at Bluff Drive, avoiding conflicts with trucks/vehicles impeding high speed traffic when exiting the area. Instead, access onto 169 will be accomplished at 166th Street (Herman’s Landscaping access road) which is about ¼ mile south of Bluff Drive. Additional lanes will be added entering/exiting this intersection allowing for large trucks to accelerate and decelerate near the intersection, separate from the common travel lane, to then merge with traffic at the posted speed. This access configuration is similar to that constructed at CR 14 over 169 (near Sever’s Corn Maze & MN Valley Landscape). The project will address corridor safety, access management, mobility, connectivity, accessibility, public input, and environmental considerations of the area.

Additional info including project layouts and contacts can be found on **Scott County’s project website** which can be accessed by scanning the QR code to your right or at the following url:
<https://www.scottcountymn.gov/2013/TH-169-Bluff-Drive-Jordan-Ave-Overpass>

2024 TH 169 Resurfacing Project

Starting in the spring of 2024, MnDOT will be resurfacing 169 from the north Jordan city limits, through Sand Creek Township, to Co. Rd. 15/Marystown Road in Shakopee. In addition to resurfacing the 169 pavement, the project will reduce access to several driveways along 169 in order to improve safety. The proposed access restrictions include removal/closure of six median accesses to residential properties as well as the two access modifications identified on the map at the right and layouts below.

Additional details are available on **MnDOT’s project website** which can be accessed by scanning the QR code to your right or at the following url:

<https://www.dot.state.mn.us/metro/projects/hwy169jordan-shakopee/index.html>
