5.0 A Dog Park - Rules

Nathan present report.

Donna: Bordatella vaccination. i.e., "appropriate vaccinations for dogs in close quarters."

B. Brentwood Park

5.0 B Brentwood Park

Laura: introduce mary, nathan, Lucinda

Mary: timbers falling out; playground equipment appears to be in decent shape; bball ct. is a concern- Scott recommended replacing \_\_\_\_\_. reseal with seal coating to fix cracks, add painted lines.

Terry: park equipment improvement fund v. newly created parks fund. How much \$\$ is available?

Donna: address fall zone for concrete curbing. Prune trees, please.

Public: Concerned about concrete curb. More swings, new swing set that doesn't make up a lot of space. Eliminate metal slide for more space. Remove rusty, unused bar. Add rock climbing wall, above ground tubes, sand-box, table. Above the Yard is a potential sponsor. Could expand toward Jennifer Lane.

Terry: look into how much lead is there. Need to determine how much space we have. Not interested in removing any trees. Swing set will be hard to move- concrete footings. Consider adding a concrete slab where bike rack is located, connected more to the path.

Laura: Proposed to come back with possible alternatives at next meeting, with Brentwood neighborhood present for comment at July meeting.

Donna: Link to packet in notices so public is informed.
