You have the chance to build a park honoring those veterans who have served our country. Families have the opportunity to remember a relative, friend, or neighbor who has served or is serving in any branch of the military. One 16x8 granite paver will be installed with their name, branch of service, and years served for the cost of \$200.00. The paver will be placed by Memorial Day each year. Veterans need not be Jordan residents.
