

Permit # _____

Property Address: _____

LANDSCAPING FOR RESIDENTIAL CONSTRUCTION

- ❑ Yards must be final graded and sodded or seeded completely. The turf must have taken root over the entire yard and boulevard area. An asbuilt survey reflecting conformance with the approved grading plan is required.

- ❑ One (1) tree must be planted within the front yard setback area- outside of drainage and utility easements. The tree must be of a disease-free species approved by the City (see opposite page for a list of species). A deciduous tree must measure at least 2" in diameter, as measured 6" off the ground.

- ❑ Parking within the front yard shall be on an improved surface consisting of concrete, brick pavers or asphalt-bituminous pavement. The width of the driveway measured at the curb cannot exceed 22' (16' is preferred).
- ❑ Should you consider constructing a retaining wall, please check with the City to determine whether a permit will be required.

- ❑ Trees, plants, shrubs and retaining walls are prohibited in the public right-of way and drainage and utility easements.

LANDSCAPING MUST BE COMPLETED WITHIN 90 DAYS OF RECEIVING A CERTIFICATE OF OCCUPANCY (C.O), UNLESS THE C.O IS ISSUED BETWEEN NOVEMBER 1 AND APRIL 15, IN WHICH CASE LANDSCAPING MUST BE COMPLETED WITHIN 90 DAYS OF APRIL 15.

Once all landscaping requirements have been satisfied, please call City Hall at (952) 492-2535 to schedule a landscape inspection. Landscape escrow funds will be released contingent upon a passing inspection.

Please provide the name and address of the person/firm who should receive the landscape escrow refund. In the event that the recipient should change, it is your responsibility to notify the City.
