

How to Use the Household Organics & Yard Waste Site

1. Usage of the site is limited those who have signed up with the City. Key fobs may not be shared outside of a registered household.
2. Touch key fob to the card reader to open the Household Organics and/or Yard Waste gate.
3. Household Organic and Yard Waste must be bagged in either a BPI-certified compostable bag, paper bag, or no bag.
4. Place your Household Organics and/or Yard Waste in the respective dumpster.
5. The dumping of trash or prohibited items is not allowed.
6. More BPI-certified bags are available for free at City Hall.
7. This site is under surveillance and violators will be caught.
