## What is the Affordable Connectivity Program?

The Affordable Connectivity Program (ACP) is a \$14.2 billion government program that extends and modifies the Emergency Broadband Benefit Program (EBB), and continues its aim to help low-income households connect and stay connected to the Internet with a monthly credit. Comcast has been participating in the EBB program since its inception in May 2021, and is proud to continue participating through ACP. All tiers of Xfinity Internet service, including Internet Essentials, will continue to be available to those who qualify for the benefit.

## What changes in the transition from EBB to ACP?

- Existing Comcast customers who enrolled in **EBB before December 31, 2021** and who continue into ACP will see their maximum \$50/month credit decrease to a maximum \$30/month credit after a 60-day transition period
- Internet Essentials customers currently enrolled in EBB and who continue into ACP will continue to have the full cost of their service covered
- New customers who enroll in **ACP after December 30, 2021** will be eligible for up to \$30/month credit toward their Internet bill
- A maximum \$75/month benefit remains available for customers in Tribal Lands

### FROM

**Name:** Emergency Broadband Benefit (EBB)

### How can qualified households get started?

All Internet Essentials customers qualify for the ACP credit, which fully covers the cost of the service. New customers who are applying for Internet Essentials can choose to be automatically enrolled in ACP if and when they are approved for Internet Essentials. Existing Internet Essentials customers can visit [xfinity.com/acp](https://xfinity.com/acp) to fill out the application to enroll. Customers can expect to hear a status update within 48 hours of applying for ACP.

### How can free Internet with the ACP credit impact lives?

At Comcast, we believe deeply in the power of connection. That is why we recently announced Project UP, our [\\$1 billion commitment](#) to advance digital equity and build a future of unlimited possibilities. Project UP encompasses the programs and community partnerships that connect people to high-speed Internet in their own homes and help them stay connected to work, school, loved ones, healthcare, employment opportunities, and government resources. ### Are there materials to support partners with outreach?

Outreach materials, such as flyers and brochures, are currently in development. Check our Partner Portal at [InternetEssentials.com/partner](https://InternetEssentials.com/partner) in January 2022 and order complimentary prints to support your community outreach. High-speed Internet at home is essential in today's increasingly digital world, and we hope to make it easy for our partners to spread the word about this government benefit.
